Creative and detail-oriented Frontend Developer with over 6 years of experience building responsive, user-focused web applications and platforms. Spent the last 5 years as a top-rated freelance developer on Fiverr and Upwork, delivering 15+ successful frontend projects across e-learning, e-commerce, fintech, and healthcare industries. Proficient in React.js, Next.js, Vue.js, and performance optimization. Adept at translating design concepts into interactive, high-performance user interfaces while managing full project lifecycles independently. Passionate about clean code, UX best practices, and building scalable component libraries that enhance development speed and user satisfaction.

EXPERTISE

Front End Development | Web Development (React.js/Next.js)

EDUCATION

MICHAEL OKPARA UNIVERSITY OF AGRICULTURE, UMUDIKE

Bachelor's Degree in Agronomy

TOOLS

HTML5 (Bootstrap, Material UI) | JavaScript/TypeScript (React.js, Vite.js, Next.js)

Operating Systems

Windows

FRONTEND DEVELOPER (FREELANCE) – 10/2019 to 10/2024

FIVERR & UPWORK (REMOTE)

ROLES AND RESPONSIBILITIES

Client-Facing Developer

- Delivered over 100 responsive and dynamic websites and single-page applications to clients across education, healthcare, e-commerce, and fintech sectors.
- Translated UI/UX design wireframes into high-quality code using React.js, Vue.js, and Next.js.

Project Management & Agile Workflow

- Managed full project lifecycles independently — from requirements gathering and time estimation to deployment and maintenance.
- Utilized agile practices and tools like Trello and GitHub Projects to ensure timely delivery and communication with clients across different time zones.

Performance & SEO Optimization

- Improved page load speeds by 30–50% using code splitting, lazy loading, and effective caching strategies.
- Applied SEO best practices, leading to higher rankings and organic reach for client websites.

Version Control and Collaboration

- Maintained clean codebases and facilitated seamless handoffs by adhering to Git workflows and version control strategies.
- Collaborated with backend developers and designers to integrate REST APIs and CMSs like WordPress and Strapi.

ACHIEVEMENTS

Top-Rated Plus Freelancer

- Earned "Top Rated Plus" badge on Upwork for consistent 5-star reviews and 95%+ client satisfaction rate.

Built E-Commerce Stores with 40% Repeat Orders

- Developed custom Shopify and WooCommerce frontends with tailored React.js solutions, leading to a 40% increase in client repeat orders.

Developed Reusable Component Libraries

- Created scalable and reusable component libraries using React and TailwindCSS for startups, reducing future development time by 60%.

Increased Mobile Responsiveness & Engagement

- Redesigned legacy websites into fully responsive SPAs, which increased mobile user retention by 35% and improved overall user engagement metrics.
